INTRODUCTION

Chapter - 1

Right to Information (RTI) is an Act of the Parliament of India (enacted on 15 June 2005) to provide for setting out the practical regime of right to information for citizens and replaces the erstwhile Freedom of information Act, 2002. Under the provisions of the Act, any citizen of India may request information from a “public authority” which is required to reply expeditiously or within thirty days. The Act also requires every public authority to computerize their records for wide dissemination and to proactively disseminate certain categories of information so that the citizens need minimum recourse to request for information formally.

This law was passed by the Parliament on 15 June 2005 and fully came in to force on 12 October 2005. While the Act came into force on 12 October, 2005, some of its provisions came into force with effect from the date of enactment of the Act, i.e., 15 June, 2005. Every citizen of India has the right to information accessible under the Act which is held by or under the control of any public authority which includes inspection of work, documents, records, taking notes, extracts or certified copies of documents or records, taking certified samples of material, obtaining information in the form of diskettes, floppies, tapes, video cassettes or in any other electronic mode or through printouts where such information is stored in a computer or in any other device.

The Mizoram Information Commission was constituted vide a notification issued under No. F. 13011/11/2005-IPR dated 29.6.2006 by the Department of Information & Public Relations, Government of Mizoram. The Commission started functioning with effect from the 5 July, 2006 with the induction of the Chief Information Commissioner and one Information Commissioner.

For effective implementation of the Act, the Mizoram Right to Information Rules, 2006 was made and notified under No. F. 13011/4/2005-IPR dated 21.6.2006. However, for want of certain provisions for incorporation, fresh Rules, such as, the Mizoram Right to Information Rules, 2010, was

notified under No. F. 13011/4/2008-IPR dated 20.9.2010 which was published on official gazette on 24.11.2010.

This Annual Report is prepared as mandated by Section 25 of the RTI Act, 2005 with reports obtained from “Public Authorities” of the State.

ACKNOWLEDGEMENT

The Mizoram Information Commission (MIC) acknowledged with grateful thanks the cooperation extended to the MIC for the implementation of RTI Act 2005 by the Government of Mizoram, General Administration Department of Govt. of Mizoram, the Deputy Commissioners and the District Authorities concerned in all the Districts of Mizoram. The Commission also conveys its gratitude to the Public Authorities for the prompt and timely submission of their Reports which has enabled the Commission to make this Annual Report without much delay and it is hoped that in future the Commission will get even better cooperation from all Public Authorities.

RECOMMENDATIONS

Chapter - 5

1. There are many Public Authorities who have not published information under Section 4 of the RTI Act, 2005. This Commission has once again requested the Government. vide Memo No. C. 31018/1/2014 - MIC dt. 19.04.2017 regarding Implementation of Suo Motu disclosure under Section 4 of the RTI Act, 2005 and to see that competent Officers are given the responsibility of DAA, SPIO, & SAPIO.
2. Names, Designations, etc. of the DAAs, SPIOs and SAPIOs should be prominently displayed at the entrance/doors etc. of the Public Authorities for easy identification of the citizens so that Information Seekers, etc. do not face difficulties in submitting their RTI applications. There are still a few Public Authorities who have not displayed the Names, Designations, etc. of such Officials and they may be informed accordingly.
3. It has come to the notice of this Commission that as required; a few Departmental Appellate Authorities (DAAs) do not conduct hearing while disposing the First Appeals submitted to them. The DAAs have to be more acquainted with the provisions of the RTI Act and Rules so that the Complainants/Appellants are relieved from the unnecessary trouble of approaching the Commission.
4. There are still some Public Authorities who do not issue receipt as a token for payment of RTI application fees. This causes problem when the Applicant needs to approach the Commission as the applicant is required to enclose copies of documents relied upon by the Appellant and referred to in the Appeal. All Public Authorities may take necessary action for issue of receipts to the Information Seekers/RTI Applicants as per the RTI Act & Rules.
5. In many cases, when the Complainants/Appellants are required to approach the Commission, it has been noticed that they do not keep/have a photocopy of the Application/First Appeal submitted to the SPIO/DAA. This creates problem for the Commission as every appeal made to the Commission has to be accompanied by self-attested true copy of the

orders or documents against which the appeal is being preferred. As such, the Public Authorities may keep the Information Seekers informed of the matter while receiving their RTI applications.

6. As can be seen from Annexure 'A', many of the Public Authorities, by their own admission, are still deficient in the implementation of the requirements of Section 4 (1)(b); 4 (2) and 4 (3) of the RTI Act 2005. These relate to suo moto disclosure of the functions of the authority, regular dissemination of its activities and in a manner easily accessible to the public.
7. Thus, while disposal of applications is quite satisfactory in the State, the Public Authorities need to be more pro-active in their disclosures so that the general public are kept informed of activities undertaken by them.
8. As could be seen from the report received, several Public Authorities have not designated Departmental Appellate Authority (DAA), State Public Information Officer (SPIO) and State Assistant Public Information Officer (SAPIO) in their departments. They are all informed to designate the same in their respective departments.
