Chapter - 1

INTRODUCTION

The Constitution of India has enshrined the principles of democracy, by guaranteeing to its citizens certain Fundamental Rights. Article 19(1)(a) and Article 21 of the Constitution of India, by implication, guarantee to the citizens of India the right to know everything done by public functionaries.

The Mizoram Information Commission (MIC) was established on June 29, 2006 under the Right to Information Act, 2005 (RTI Act). The RTI Act provides for setting up a practical regime of Right to Information for citizens to secure the right to access information held by or under the control of Public Authorities (PAs). The legislative intent behind the enactment of the RTI Act is to foster transparency and accountability in the working of every Public Authority (PA), bridge the gap between the information provider and the information seeker, enhance efficiency in administration of PAs, mitigate corruption and promote good governance.

Salient Features of the Act**i. Public Authority**

As per Section 2(h) of the RTI Act, a 'Public Authority' means any authority or body or institution of self-government established or constituted by or under the Constitution, any other law made by the Parliament, any other law made by the State Legislature and notification issued or order made by the appropriate government. It includes any 'body' owned, controlled or substantially financed and non-government organizations substantially financed directly or indirectly by funds provided by the appropriate government.

ii. Right to Information

As per Section 2(j) of the RTI Act, 2005, the 'Right to Information' means the rights of a citizen to seek any information accessible under this Act, which is held by or under control of any PA and includes the right to inspection of work, documents, records which includes any document, manuscript and file and any electronic records and take notes, extracts or certified copies of documents or records, take certified samples of material and obtain information as stored in form of diskettes, floppies, tapes, video cassettes or any electronic mode or through printouts where such information is stored in a computer or in any other device.

iii. Exemption from Disclosure of Information

No right is unfettered and therefore while promoting institutional integrity and transparency, Sections 8, 9, 10, 11 and 24 of the RTI Act enlist exemptions/ limitations on disclosure of certain information. Essentially, as per the RTI Act such information is exempted from disclosure which affect the sovereignty and integrity of the country in a prejudicial manner and also its security, strategic, scientific or economic interests, commercial confidence, trade secrets, or intellectual property, information causing breach of privilege of Parliament or the State Legislature, information forbidden to be published by any court of law etc. It also includes provisions for protecting the privacy of an individual. Furthermore, certain intelligence and security organizations have been exempted from disclosure of information, except information pertaining to allegations of corruption and human rights violations. Moreover, wherever the competent authority feels that larger public interest warrants disclosure, the information may be provided.

iv. Suo Motu Disclosure

Section 4 of the Act provides for obligations of PAs regarding mandatory disclosure on various aspects of structure and functioning of PAs and requires that they make suo-motu disclosure in public interest through various means of communication. This is an essential ingredient for broadening and deepening of the transparency regime brought into being by the RTI Act. This Section also emphasizes the need for using electronic means for record upkeep, management and dissemination of information in order to make information easily accessible. Indeed, a robust record management is at the very heart of a transparency regime.

v. Three-Tier System

The Act has a provision of a three-tier structure for enforcing the right to information.

The First tier is State Public Information Officer/State Assistant Public Information Officer (SPIO/SAPIO) in a PA designated under section 5 of the RTI Act. The SPIO/SAPIO is required to provide information to an RTI applicant as expeditiously as possible and in any case within 30 days of the receipt of a request as per section 7 of RTI Act, unless it is exempted from disclosure or relates to a third party or held by another PA, in that case it should be transferred to that PA within five days of the receipt of the application as per section 6 (3) of RTI Act.

The Second tier is designated as the First Appellate Authority (FAA). As per the mandate of the RTI Act, an RTI applicant who does not get the required information within the specified time or is aggrieved by the decision of SPIO may, within thirty days,

can address/prefer his first appeal to an officer senior in rank to SPIO in each PA. Together, the SPIO and the FAA constitute the cutting edge of this 'practical regime of information' as envisaged in the preamble of the Right to Information Act.

At the third tier, the State Information Commission has been established as the apex appellate authority under the RTI Act 2005. An information seeker can file a second appeal before the State Information Commission against the order of FAA, if he is not satisfied or does not receive an order from FAA within the specified time as per section 19 (3) of the RTI Act.

vi. Complaint

A complaint can also be filed before the State Information Commission, in certain circumstances as enshrined in Section 18 of the RTI Act, for reasons such as (i) where the PA has not appointed a SPIO or (ii) the SPIO has refused to accept an RTI application, or (iii) the SPIO has not given a response within the specified time limit or (iv) the SPIO has given incomplete, misleading or false information or (v) where unreasonable fee has been demanded by SPIO, etc.

vii. Powers & Function of the State Information Commission

The RTI Act, 2005 Sections 18, 19 and 20, prescribe the powers and functions of the State Information Commission in dealing with appeals, complaints and penalties, respectively.

viii. Preparation of Annual Report

As per section 25 of the RTI Act, the State Information Commission is required to prepare an Annual Report after the end of each year on the implementation of the provisions of the Act during that year which is to be forwarded to the appropriate Government, which, in turn, is required to lay the report before the Legislative Assembly.

ix. Section 25

Various clauses under section 25 deal with preparation of the Annual Report and submission of information to the Commission by the PAs for preparation of the Annual Reports, prescribing the contents of the Annual Report as well as bestowing power on the Commission to make recommendations to the PA so as to bring practices of the PA in consonance with the provisions and the spirit of the RTI Act. As per section 25(3), each report shall state in respect of the year to which the report relates: -

- a. the number of requests made to each PA;
- b. the number of decisions where applicants were not entitled to access the documents pursuant to the requests, the provisions of this Act under which

these decisions were made and the number of times such provisions were invoked;

- c. the number of appeals referred to the Central Information Commission or State Information Commission, as the case may be, for review, the nature of the appeals and the outcome of the appeals;
- d. particulars of any disciplinary action taken against any officer in respect of the administration of this Act;
- e. the amount of charges collected by each PA under this Act;
- f. any facts which indicate an effort by the PAs to administer and implement the spirit and intention of this Act;
- g. Recommendations for reform, including recommendations in respect of the particular public authorities, for the development, improvement, modernization, reform or amendment to this Act or other legislation or common law or any other matter relevant for operationalising the right to access information.

Further, as per section 25(5), if it appears to State Information Commission that the practice of a public authority in relation to the exercise of its functions under this Act does not conform with the provisions or spirit of this Act, it may give to the authority a recommendation specifying the steps which ought in its opinion to be taken for promoting such conformity.

The Annual Report of the Commission is based on the inputs received from the PAs on the implementation of the Act.

No. F. 23015/2/2017 – MIC

Dated Aizawl, the 22nd February 2021**OFFICE MEMORANDUM**

Subject: Guidelines to be followed by all the public authorities with regard to RTI applications received and for timely updation of the details of DAAs, SPIOs and SAPIOs.

The Government of Mizoram in collaboration with Mizoram Information Commission has been taking necessary steps for implementation of Mizoram RTI Online and in order to ensure smooth functioning of the portal, the following points are to be complied with by all the public authorities: -

1. Designation of DAAs, SPIOs and SAPIOs should be made by names of the officers and not by the posts they hold as responsibility for providing information lies with the officers so appointed.
2. (i) Appointment orders of DAAs, SPIOs and SAPIOs should include contact numbers, i.e. mobile numbers and email addresses of the officials and all such appointment orders should be made afresh by all the public authorities for the smooth implementation of the Mizoram RTI Online. The same should be submitted to Mizoram Information Commission at the earliest. Henceforth, this should be strictly adhered to by all the public authorities.
(ii) When a designated DAA, SPIO or SAPIO moves on transfer, a replacement officer shall be appointed in his/her place before the officer hands over charge.
3. When on leave or tour, entrust other officer (in writing). For any applications received during the time, the entrusted officer shall act as SPIO or SAPIO as the case may be. If such arrangement is not done, the designated SPIO or SAPIO shall be held responsible for any delays in providing information.
4. An SPIO or SAPIO cannot refuse an RTI application.
5. Counting of time limit in providing information starts from the date of receipt of the application and not from the date when it was written.
6. Both working and non-working days (holiday) are counted within the time limits.
7. An SPIO is not required to wait for the time limit of 30 (thirty) days to complete for providing the information, if the information is readily available.
8. An applicant making request for information shall not be required to give any reason for requesting the information or any other personal details except those that may be necessary for contacting him/her.
9. If the request is for voluminous information, the applicant may be invited to inspect the required documents or files.
10. The SPIO is required to supply the 'material' in the form as held by the public authority and is not required to do research or deduce some conclusion from the 'material' and supply the 'conclusion' so deduced to the applicant.
11. Third party must be given a chance to make a representation before the SPIO within 10 (ten) days of receiving the notice.

12. Request for information shall be deemed to have been refused by the SPIO, if decision on the request for information is not given within the period specified which may invite penalty on the SPIO.

This is issued with the approval of the Chief Information Commissioner, Mizoram Information Commission on 22.02.2021.

No. C.31018/1/2014 – MIC

Dated Aizawl, the 19th January 2022**OFFICE ORDER****Subject: Implementation of suo motu disclosure under Section 4 of RTI Act, 2005 – reg**

Section 4(1)(b) of the RTI Act lays down the information which should be disclosed by Public Authorities on a suo motu or proactive basis. Section 4(2) and Section 4(3) prescribe the method of dissemination of this information. The purpose of suo motu disclosures under Section 4 is to place large amount of information in public domain on a proactive basis to make the functioning of the Public Authorities more transparent and also to reduce the need for filing individual RTI applications.

1. Since the promulgation of the Act in 2005, large number of information relating to functioning of the government is being put on public domain. However, from the Reports submitted by various departments and offices under the Government of Mizoram and on checking the websites, it has come to the notice of Mizoram Information Commission that many public authorities have not done enough to provide basic information with regard to their functioning, etc. proactively as mandatorily obligated under Section 4(1)(b) of the RTI Act, 2005.
2. Despite several letters sent to the Chief Secretary, Government of Mizoram and recommendations of MIC in its Annual Reports, there are still many public authorities who have not designated Departmental Appellate Authority (DAA), State Public Information Officer (SPIO) and State Assistant Public Information Officer (SAPIO) in their respective departments. The officials so designated should be designated by their name and not by the post they hold. They should also display prominently the name and designation plate for easy identification and access by public.
3. Recently, MIC has carried out website checking of the departments under Government of Mizoram and it has been observed that while only a few departments regularly update their websites, majority of the departments are neglectful in this regard. On checking, it has been noticed that most of the departments have not adhered to Section 4(1)(b) of the RTI Act, 2005 despite the Act being in force for more than 15 years.
4. Henceforth, all public authorities under the State Government are instructed to comply with Section 4(1)(b) of the RTI Act, 2005 and compliance report of the same should be submitted to the Secretary, Mizoram Information Commission not later than 28.02.2022. On the spot checking will also be carried out by the officials of MIC after receipt of compliance reports.

This is issued with the instruction and approval of the Chief Information Commissioner, Mizoram Information Commission on 19.01.2022.

 - vi. *Please give the years in which village council were given to each of these villages outside CADC Area where Chakmas are majority inhabitants.*
2. The SPIO furnished reply on 09.02.2023 stating, “Off line in chhanna kan pe tawh tho che a, information dang kan nei leh anih chuan kan rawn pe leh mai dawn che nia”. Not satisfied, Pu Vanlalruata preferred First Appeal on 11.03.2023 stating that information pertaining to point No. 4, 5 and 6 of his RTI application has not been furnished.
3. However, the Departmental Appellate Authority (DAA) did not take action on the matter and thus, Pu Vanlalruata preferred Second Appeal to Mizoram Information Commission on 17.04.2023. Summon was issued to both the appellant and the respondent to appear before the Mizoram Information Commission on 01.05.2023 (Monday) at 12:00 Noon. As scheduled, hearing was held in my office chamber wherein both the appellant and the respondent were present.
4. In the hearing, the appellant informed that he was surprised that he could not be provided the required information by the respondent and requested the Commission in helping him get the required information as per the provisions of the RTI Act, 2005.

5. The respondent informed that with regard to the last 3 (three) points of RTI application dt. 23.11.2022, since the information was not currently available in their office, he had enquired from some retired officials of the department as to whether they are aware of any such record. However, they informed that no such record had been maintained by the office in the past. Therefore, vide Memo No. B. 16015/5/2022-DTE(LAD) dt. 19.01.2023, the office transferred the RTI application to the DLAOs of Lunglei and Mamit to furnish the required information pertaining to these 2 (two) districts. He also apologized for not being able to provide the requested information.
6. After hearing both the parties, the Commission observed the following: -
 - i. The SPIO should have provided the information available in the office as expeditiously as possible, and in any case within thirty days of the receipt of the request as per Section 7(1) of the RTI Act, 2005. In this case, information was provided after a lapse of more than 65 (sixty-five) days which is in contravention of the provisions of the Act.
 - ii. As per Section 19(6) of the RTI Act, 2005, deciding appeals is a quasi-judicial function. It is, therefore, necessary that the DAA should see to it that justice is not only done but it should also appear to have been done. In order to do so, the order passed by the DAA should be a speaking order giving justification for the decision arrived at. In this case, the DAA did not conduct any hearing nor responded to the appeal of the appellant which is against the spirit of the RTI Act. Pu Lalchawimawia, DAA / Jt. Director is advised to be more mindful in handling RTI cases in future.
 - iii. Both the SPIO and DAA need to note that RTI applications/appeals are to be given due importance as prescribed by the Law.

In view of the above, since the RTI application/matter has been transferred to the DLAOs of Lunglei and Mamit, **Pu Alan Lalthanzara, DLAO & SPIO, Lunglei and Pu K. Tlangruala, DLAO & SPIO, Mamit shall provide whatever information is available in their office, free of cost, to the appellant not later than 19.05.2023 (Friday) with a copy to Mizoram Information Commission.**

The matter is hereby disposed of accordingly. Copy of the decision to be given free of cost to all the parties.

- iii. Both the SPIO and DAA need to note that RTI applications/appeals are to be given due importance as prescribed by the Law.

**ORDER
(29.05.2023)**

1. Pu Jacob Khiangte, Kolasib submitted RTI application via Mizoram RTI Online on 14.07.2022 to the SPIO & Deputy Secretary, General Administration Department seeking information on the following: -
 - i. *Mizoram MLA te hian PA leh PS engzat nge an neih theih?*
 - ii. *MLA Personal Assistant leh Personal Secretary te thlabi hlawh hi engzat nge?*
 - iii. *Mizoram MLA zawng zawngte PA leh PS zawng zawngte list leh an address theuh min pe thei em?*
2. The SPIO replied to the appellant on 02.09.2022 furnishing information for point no. 1 and no.2 of the RTI application. As he was not provided information for point no. 3, the appellant preferred First Appeal dt. 07.09.2022 stating, “*Zawhna 3-na min chhang lo*”.
3. As the DAA did not take any action on the matter, the appellant preferred Second Appeal dt. 13.05.2023. Summon was issued to both the appellant and the respondent to appear before the Mizoram Information Commission on 29.05.2023 (Monday) at 11:30 A.M. As scheduled, hearing was held wherein the respondent SPIO remained present while the appellant was absent.
4. In the hearing, the respondent informed that as the information required at point no.3 of the RTI application is not in the custody of the General Administration Department, it was not possible for them to give the information. He also apologized for not transferring the query to the concerned public authority.
5. After hearing the respondent SPIO and on perusal of the documents, my observations are as under: -
 - i. The SPIO is required to provide the information available in the office as expeditiously as possible, and in any case within thirty days of the receipt of the request as per Section 7(1) of the RTI Act, 2005. In this case, information was provided after a lapse of more than 45 (forty-five) days and that too which is incomplete. The SPIO should have transferred point no. 3 of the RTI application to the concerned SPIO if the information is not in their custody.
 - ii. As per Section 19(6) of the RTI Act, 2005, deciding appeals is a quasi-judicial function. It is, therefore, necessary that the DAA should see to it that justice is not only done but

it should also appear to have been done. In order to do so, the order passed by the DAA should be a speaking order giving justification for the decision arrived at. In this case, the DAA did not conduct any hearing nor responded to the appeal of the appellant which is against the spirit of the RTI Act. The DAA, GAD is advised to be more mindful in handling RTI cases in future.

- iii. It has been noticed that there have been several lapses on the part of GAD with regard to attending and disposal of RTI applications/First Appeals. Both the SPIO and DAA need to note that RTI cases are to be given due importance as prescribed by the Law.

In view of the above, the Commission hereby directs that **Pu Robert C. Lalhmangaiha, SPIO & Deputy Secretary, General Administration Department (SAW) shall transfer point no. 3 of the RTI application to the SPIO concerned immediately with a copy to Mizoram Information Commission.**

The matter is hereby disposed of accordingly. Copy of the decision to be given free of cost to all the parties.

**ORDER
(06.06.2023)**

1. The appellant viz Pi Lalchawiliani submitted RTI application to the SPIO & Assistant Survey Officer, Land Revenue & Settlement Department seeking information on: -
“Copies of connected papers of LSC No. 637 of 2010 and LSC No. 639 of 2010 located at Ramhlun North, Aizawl”
2. The SPIO furnished reply on 28.03.2023 stating, *“Information i dil, LSC No. 637 of 2010 and LSC No. 639 of 2010, Ramhlun ‘N’ connected papers hi office record-ah theih tawpa zawn a niin hmuh a ni lova, information i duh pek tur che kan neih loh avangin pawl kan ti hle a ni tih hriattir i ni e.”*
3. The appellant preferred First Appeal dt. 25.04.2023. The DAA replied by stating, *“1st appeal i dilna LSC No. 637 of 2010 and LSC No. 639 of 2010 Loc: Ramhlun North hi Settlement Office, Aizawl District lam issue a nih avangin Directorate lam chuan connected documents te kan kawl lo a, chuvangin 1st appeal i dilna chhanna kan pe thei dawn lo che a ni tih kan han hriattir a che”*.
4. Not satisfied with the reply received from the DAA, the appellant preferred Second Appeal to the Mizoram Information Commission on 24.05.2023. Summon was issued to both the appellant and the respondent (SPIO) to appear before the Commission on 05.06.2023 (Monday) at 12:00 Noon. As scheduled, hearing was held wherein both the appellant and the respondent were present.
5. In the hearing the appellant requested the Commission to help her in getting the required information as she believes that the same would be available with the public authority.
6. After hearing both the parties, my observations are as follows: -
 - i. As per section 7 (I) of the RTI Act, 2005 the SPIO on receipt shall, as expeditiously as possible, and in any case within thirty days of the receipt of the request provide the information on payment of such fee as may be prescribed. However, in this case, even though the required information was available, the SPIO informed that the same is not available with them, which is against the spirit of the RTI. The SPIO should have adequate knowledge of record management prevailing with the Public Authority. He is also advised to be more careful in dealing with RTI applications in future.
 - ii. Deciding appeals under the RTI Act is a quasi-judicial function as per section 19(6) of the Act. It is, therefore, necessary that the DAA should give opportunity of being heard

to appellant and the respondent and see to it that justice is not only done but it should also appear to have been done. In order to do so, the order passed by the DAA should be a speaking order giving justification for the decision arrived at. In this case, instead of hearing both parties, the DAA simply informed that the information sought pertains to the Settlement Office, Aizawl District and is not available in the Directorate of Land Revenue & Settlement. It appears that the DAA is not conversant with his role as the DAA. He is not required to provide the information sought by the appellant from his office itself. He could have simply passed order for the SPIO to provide the information if he is convinced that the same is available with the Public Authority concerned, after giving opportunity of being heard to the appellant and to the respondent. The DAA, LR & S Department is advised to be more mindful in handling RTI cases in future.

- iii. Both the SPIO and DAA need to note that RTI cases are to be given due importance as prescribed by the Law.

In view of the above, the Commission hereby directs that **Pu R Lalnghakliana, SPIO & Assistant Survey Officer, Land Revenue & Settlement Department, Aizawl District shall provide the information to the appellant, free of cost, not later than 19.06.2023 (Monday)** with a copy to Mizoram Information Commission.

3. Not satisfied with the reply received from the DAA, the appellant preferred Second Appeal to Mizoram Information Commission on 24.05.2023. Summon was issued to both the appellant and the respondent to appear before the Chief Information Commissioner on 12.06.2023 (Monday) at 12:00 noon. 5. The respondent SPIO informed that she had furnished whatever information was given to her by the Hindi Education Officer, LADC and apologized for the lapse on her part for not bringing along all the related documents.

6. After hearing both parties, my observations are under: -

On perusal of the documents brought by the appellant's representative, it has been noticed that there is some contradiction in the employment status of some of the trainees provided by the SPIO.

- i. As per Section 19(6) of the RTI Act, 2005, deciding appeals is a quasi-judicial function. It is, therefore, necessary that the DAA should give opportunity of being heard to appellant and respondent and see to it that justice is not only done but it should also appear to have been done. In order to do so, the order passed by the DAA should be a speaking order giving justification for the decision arrived at. In this case, instead of conducting hearing, the DAA simply sent a reply to the appellant which is against the spirit of the RTI Act. The DAA, Elementary Education Department (Middle), LADC is advised to be more mindful in handling RTI cases in future.
- ii. While Zionlalnghakhleli has been classified as In Service teacher in the list of persons sponsored for training to Mizoram Hindi Training College, Durtlang furnished to the appellant, she is classified as temporary CSS teacher in the list of selected candidates for temporary engagement of Middle School Hindi Teachers under CSS with place of posting, 2020-2021 under DEO, Lawngtlai. The SPIO needs to ascertain the facts and give information to the appellant accordingly.

In view of the above, the Commission hereby directs that **Pi Vanbawithasung Chinzah, SPIO & Assistant Education Officer, Elementary Education Department (Middle), LADC shall provide, free of cost, the information i.e., the list of persons who are not under employment of LADC either as permanent or temporary, who are sponsored for the training to Mizoram Hindi Training College by LADC and also clarify the actual employment status of Zionlalnghakhleli to the appellant not later than 19.06.2023 (Monday) with a copy to Mizoram Information Commission.**

4. In the hearing, the respondent apologized for not furnishing the requested information during the stipulated period of 30 (thirty) days as per Section 7(1) of the RTI Act, 2005. When enquired, he informed that he will be able to provide the requested information as all the documents are available with them in the office.
5. After hearing the SPIO, my observations are as follows:-

In order to do so, the order passed by the DAA should be a speaking order giving justification for the decision arrived at. **ORDER
(10.11.2023)**

1. The appellant submitted RTI application (via Mizoram RTI Online) on 18.07.2023 seeking information on “3G of NH-102B, Package-II, Part-I (Ngopa) as on 17.02.2023 huam chhunga mimal tin document hrang hrang detail i.e., Passbook, LSC/VC Pass no te min lo ngaihtuah sak turin ka ngen a che”. The SPIO furnished reply on 23.08.2023 providing the appellant a list of the names of 315 (three hundred fifteen) people with their respective Land Pass Numbers. In the reply, the SPIO also informed the appellant stating, “Bank passbook hi mimal thil a ni a, a neitute phalna la hmasa lo chuan keini lo pek ngawt chi niin a lang lo.”
2. The appellant preferred First Appeal on 24.08.2023 wherein the DAA upheld the decision of the SPIO regarding disclosure of Bank Passbooks, however, he provided to the appellant a document containing 283 pages of detailed copies of LSC/VC pass within 3G of NH-102B, Package-II, Part-I (Ngopa). The appellant also submitted letter dated 13.10.2023 wherein he mentioned his suspicion of the fact that the information sought for is being tampered with. He also wrote that despite the SPIO receiving similar questions from different RTI applicants, different information is being furnished to them.
3. The appellant then preferred Second Appeal on 18.09.2023 as he was not satisfied with the information provided to him. In this regard, summon was issued to both the appellant and the respondent to appear before the Commission on 20.10.2023 (Friday) at 1:00 PM. However, since the SPIO & Addl. Deputy Commissioner was unable to leave his station owing to his duties in the General Election to MLA, hearing was re-scheduled for 10.11.2023 (Friday) at 1:00 PM. As scheduled, hearing was held in the chamber of the Chief Information Commissioner wherein both the appellant and the respondent were present. The appellant was accompanied by 5 (five) Office Bearers of Ngopa |halai Pawl.
4. In the hearing, the appellant narrated his grievances, brought forward evidences of discrepancies in the documents provided to him by the SPIO and also stated his concern for the absence of APRs (Actual Payee Receipts) in relation with the compensation disbursed.
5. The SPIO also presented his case informing the Commission that individual sanction orders for each amount to be credited to the recipients were no longer prepared by the office and that only the sanction order available is the one issued by Ministry of Road Transport & Highways, Government of India. He also informed that the Declaration/No Objection Certificate signed by each individual recipient was treated as APRs.

6. After hearing both parties, the Commission observes the following: -

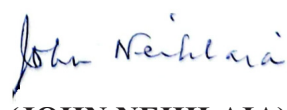

- i. The SPIO is required to provide the information available in the office as expeditiously as possible, and in any case within thirty days of the receipt of the request as per Section 7(1) of the RTI Act, 2005.
- ii. As per Section 19(6) of the RTI Act, 2005, deciding appeals is a quasi-judicial function. It is, therefore, necessary that the DAA should see to it that justice is not only done but it should also appear to have been done. In order to do so, the order passed by the DAA should be a speaking order giving justification for the decision arrived at. In this case, the DAA should have conducted hearing instead of furnishing information to the applicant which is against the spirit of the RTI Act. Dr. Lalngura Tlau, DAA/Deputy Commissioner, Saitual District is advised to be more mindful in handling RTI cases in future.
- iii. Both the SPIO and DAA need to note that RTI applications/appeals are to be given due importance as prescribed by the Law.

Vs

Finance & Accounts Department (CADC)

**ORDER
(16.11.2023)**

1. The appellant sought information on 09.08.2023 through inspection of the following: -
 - i. *Pay roll/muster roll of all CADC government employees from March 2015- August 2023*
 - ii. *Payment registers and bank remittance documents towards salary deposit, retrospective payment made from March 2018- August 2023.*
 - iii. *Communication details of the Finance & Account Department, CADC and Payment details pertaining to payment made to beneficiaries on the Hon'ble Guwahati High Court, Aizawl bench Judgement on WP(C) No. 13 of 2016.*
2. The respondent denied inspection on points no. 1 and 2 of the above on grounds of being related to third-party information whose disclosure does not have public interest. However, the appellant was allowed inspection for point no. 3 and a date for inspection was fixed on 28.08.2023 by the respondent inviting the appellant to make his appearance in person.
3. The appellant, in his RTI application, stated that he believes the document requested had been provided to Mizoram State Legislature before and that it doesn't invite the provisions of Section 8 and 11 of the RTI Act, 2005, and thus, the denial of inspection for the 2 (two) points stated above lead him to prefer First Appeal.
4. The Departmental Appellate Authority (DAA) passed a judgement order wherein he directed the SPIO to re-schedule the date for inspection for point no. 3 of the RTI application. No comment or order is made for points no. 1 and 2 of the RTI application by the DAA.
5. The appellant then preferred Second Appeal to MIC on 21.09.2023 wherein hearing was held on 15.11.2023 (Friday) at 12:00 Noon. The respondent, accompanied by 2 (two) officials from Chakma Autonomous District Council (CADC), appeared in person and the appellant, however, was absent.
6. The respondent presented his case by informing the Commission that although the appellant believes the information sought should not be denied as it had already been disclosed to Mizoram State Legislature, in this case, the information sought for is different. He also informed that the appellant had been invited several times for inspection of documents but never made his appearance.
7. The Chief Information Commissioner informed the respondent that invocation of Section

8(1)(j) and using the matter of Girish R. Deshpande Vs CIC and Others (SLP(C) no. 27734/2012) of the Hon'ble Supreme Court of India to deny information on the matter is out of context and that the information sought for is under public records and should have been allowed. The CIC also cautioned the respondent on the penalties and disciplinary actions that could be taken upon contravention of the Act.

OBSERVATIONS

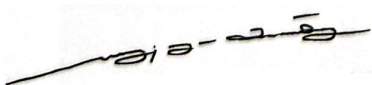

1. Suo Motu disclosure under Section 4 of the RTI Act, 2005 has not been complied to by CADC.
2. The appellant requested for information using inspection and not photocopies of documents.
3. The information requested i.e., pay roll/muster roll, payment registers and bank remittance documents etc. of government employees should be under public records and thereby allowed.
4. The information requested may be voluminous, but this should not be a reason to deny or to frame situation of difficulty in providing information.
5. If the appellant was not available for inspection, the respondent should have made arrangements on how the information could be provided. In this case, the respondent should have intimated the amount of fees required to be paid by the appellant for photocopies.

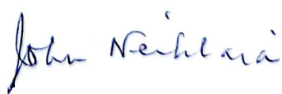

DECISIONS

In view of the above, the Commission hereby directs the following: -

1. The SPIO/Sr. Finance & Accounts Officer, CADC shall make necessary arrangements in order to facilitate inspection of documents by Mr. Rustom Chakma. If inspection is not feasible, photocopies of the documents shall be provided by the SPIO.
2. Chakma Autonomous District Council (CADC) shall comply with suo motu disclosure under Section 4(1)(b) of the RTI Act, 2005 and should be reflected in their offices and website(s).
3. The SPIO shall comply to this order within 2 (two) weeks from the date of its issue with a copy of compliance report to Mizoram Information Commission failing which disciplinary action will be taken.

The matter is hereby disposed of accordingly. Copies to be given, free of cost, to all parties involved.

2. Since he did not receive any reply from the SPIO he preferred First Appeal to the Departmental Appellate Authority (DAA) on 09.11.2023. As the DAA also did not send any reply, he submitted Second Appeal on 12.12.2023 to Mizoram Information Commission. Notice was issued to both the appellant and the respondent to appear before the Commission on 09.01.2024 (Tuesday) at 02:00 P.M. As scheduled, hearing was held wherein only the respondent and site Engineer of NHIDCL were present. The appellant absented himself without any intimation in spite of notice issued on 18.12.2023 followed by a reminder through WhatsApp and phone call.
3. The respondent informed that since the information sought was not available in their office,

they had forwarded the RTI application to the Site Engineer, NHIDCL, Camp Khawzawl on 07.11.2023 to be replied on or before 13.11.2023. However, as NHIDCL did not send any reply, they were unable to provide the required information to the appellant. He also apologised for the lapse on their part.

4. The Site Engineer, NHIDCL brought with him copies of the CSR fund that they had distributed and informed that they can provide the required information.

OBSERVATIONS

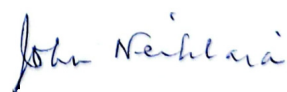

- i. As per Section 6 (3) of the RTI Act, 2005 and O.M. No. 10/2/2008-IR dt. 12.06.2008 issued by DoPT, Govt. of India, the respondent SPIO should have transferred the RTI application to the PIO, NHIDCL under intimation to the appellant instead of requesting the Site Engineer, NHIDCL to send the required information to the DC's Office, Khawzawl for onward reply to the appellant. The SPIO should take note of this so that such lapse does not occur in future.
- ii. The respondent SPIO should also keep in mind that requesting for information under the RTI Act, 2005 is not a harassment. An SPIO is required to clarify with applicants for unclear requests and should not only be confined to furnish information but also to provide necessary help to the information seeker, wherever necessary.
- iii. As per Section 19(6) of the RTI Act, 2005, deciding appeals is a quasi-judicial function. It is, therefore, necessary that the DAA should see to it that justice is not only done but it should also appear to have been done. In order to do so, the order passed by the DAA should be a speaking order giving justification for the decision arrived at. In this case, the DAA should have conducted hearing instead of remaining silent which is against the spirit of the RTI Act. Pu K. Lalrohluia DAA/DC, Khawzawl District is advised to be more mindful in handling RTI cases in future.
- iv. Both the respondent SPIO and DAA need to note that RTI applications/appeals are to be given due importance as prescribed by the Law.

DECISION:

In view of the above, the Commission hereby directs that **Pu Lalfakzuala, SPIO & Addl. Deputy Commissioner, DC's Office, Khawzawl shall provide the information, after obtaining the same from the office of NHIDCL free of cost, to the appellant, not later than 16.01.2024 (Tuesday)** with a copy to Mizoram Information Commission.

The matter is hereby disposed of accordingly. Copy of the decision to be given free of cost to all the parties.

David Lalremsiama, Tuikual ‘N’

...Appellant

Vs

Directorate of Science & Technology

...Respondent

**ORDER
(17.01.2024)**

1. The appellant, Pu David Lalremsiama, Tuikual North submitted an RTI application to the SPIO, Directorate of Science & Technology via Mizoram RTI Online on 30.09.2023 seeking information on the following: -
“MIRSAC hnuaia Scientist post hrang hrang lak a an Recruitment Rules min hrilh theih em? Scientist (IT) post bik ah hian engvanga Engineering Background lak nge annih MCA/M.Sc IT te pawh an awm reng si a.”
2. The respondent SPIO furnished reply on 19.10.2023. As the appellant was not satisfied with the reply received, he preferred First Appeal to Pu H. Lalsawmliana, Departmental Appellate Authority (DAA) on 30.10.2023. Since he did not receive any reply from the DAA even after a lapse of more than 1 (one) month, he preferred Second Appeal on 05.12.2023. Summon was issued to both the appellant and the respondent to appear before the Mizoram Information Commission (MIC) on 09.01.2024 at 01:00 PM. However, since the appellant submitted a request to re-schedule the date of hearing, hearing was then re-scheduled for 16.01.2024 at 01:00 PM. As schedule, hearing was held wherein both the appellant and the respondent were present.
3. The appellant narrated his grievances and informed that he was not furnished the required information as sought in his RTI application dt. 30.09.2023 and also mentioned that he wanted to know the reason why an engineering graduate was specifically required for the advertised post while the Recruitment Rules clearly mentioned the eligibility as ‘Masters degree in relevant branch of science, etc.’ apart from those having engineering background.
4. The respondent SPIO then informed that they had floated advertisement as per the norms laid down in the department’s Recruitment Rules and based on the project’s subject/theme, recruitments were carried out as per requirement. He also informed that reply to First Appeal preferred by the appellant was sent and was surprised to learn that it was not received by him.

OBSERVATION: -

1. The respondent SPIO should keep in mind that requesting for information under the RTI Act, 2005 is not a harassment. An SPIO is required to clarify with applicants for unclear requests and should not only be confined to furnish information but also to provide necessary help

to the information seeker, wherever necessary. He should also have good negotiation skills so he will often be negotiating with the public, colleagues, third party and others so that he could attend to his duties as SPIO smoothly.

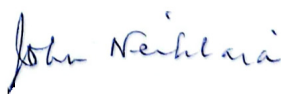

2. Section 19(6) of the RTI Act provides that the Departmental Appellate Authority should dispose off the appeal within thirty days of the receipt of the appeal. In exceptional cases, the DAA may take forty five days to dispose off the appeal subject to the condition that he shall record in writing the reasons for delay in deciding the appeal. Therefore, every DAA should ensure that an appeal received by him is disposed off within 30 days of the receipt of the appeal. If, in some exceptional cases, it is not possible to dispose of the appeal within 30 days, its disposal should not take more than 45 days. In such cases, the DAA should record, in writing, the reasons for not deciding the appeal within 30 days.
3. Deciding appeals is a quasi-judicial function as per the provisions laid down in the RTI Act, 2005. It is, therefore, necessary that the DAA should see to it that justice is not only done but it should also appear to have been done. In order to do so, the order passed by the DAA should be a speaking order giving justification for the decision arrived at. In this case, the DAA should have conducted hearing instead of remaining silent which is against the spirit of the RTI Act. Pu H. Lalsawmliana, DAA, MIRSAC is advised to be more mindful in handling RTI cases in future and see that hearing is conducted for every First Appeal received by him.
4. As per Memo No. 1/18/2011-IR dt. 16.09.2011 issued by DoPT, Government of India, 'only such information can be supplied under the RTI Act which already exists and is held by the public authority or held under the control of the public authority. The Public Information Officer is not supposed to create information, or to interpret information, or to solve the problems raised by the applicants, or to furnish replies to hypothetical questions.' Therefore, the appellant may take note of this for guidance in future.

DECISION:

In view of the above, the Commission hereby directs that **Pu K. Lalrammuana, SPIO, Directorate of Science & Technology shall provide the required information, free of cost, to the appellant, not later than 23.01.2024 (Tuesday)** with a copy to Mizoram Information Commission.

The matter is hereby disposed of accordingly. Copy of the decision to be given free of cost to all the parties.
