CHAPTER 4
No.F.12015/2/2013-MIC
MIZORAM INFORMATION COMMISSION
NEW SECRETARIAT COMPLEX
MIZORAM: AIZAWL

OFFICE MEMORANDUM

Dated Aizawl, the 3rd July, 2013

Subj: MONITORING AND REPORT ON THE IMPLEMENTATION OF RIGHT TO INFORMATION (RTI) ACT.

The Right to Information (RTI) Act 2005 under Section 25 indicates the requirement of Public Authorities to provide to Mizoram Information Commission (MIC) “Inputs” required for the preparation of Annual Report on the Implementation of RTI Act in the State.

Section 25 (1) States that “The Central Information Commission or State Information Commission, as the case may be, shall, as soon as practicable after the end of each year, prepare a “Report” on the implementation of the provisions of this Act (RTI) during that year and forward a copy to the appropriate Government”

Section 25 (2) clearly stated that “Each Ministry or Department shall, in relation to the Public Authorities within their jurisdiction, collect and provide such information to the Central or State Information Commission as is required to prepare the Report under this section and comply with the requirements concerning the furnishing of that information and keeping of records for the purposes of this section.”

Section 25 (4) mention that “The Central or State Government, as the case may be, may, as soon as practicable after the end of each year, cause a copy of the Report of the Central Information Commission or State Information Commission, as the case may be, referred to in sub-section (1) to be laid before each House of Parliament or, as the case may be, before each House of the State Legislature, where there are two Houses, and where there is one House of the State Legislature before that House.”

For this reason, every Department under the Govt. of Mizoram are to compile the required information pertaining to their office and all its subordinate offices in a prescribed form given to them by the Commission and submit the same to the Commission by 30th June of each year.

In order to have better monitoring and compilation of the “inputs” from the Public Authorities the MIC had called for “Quarterly Reports” to be submitted on regular basis.

Mizoram Information Commission has observed that while there are Departments, which have adhered to the “Guidelines” for the submission of the Report, there are several Departments, which have not taken their Report seriously. The concerned Public Authority not only did not bother to submit “Quarterly Report” after proper scrutiny in time; but also submitted their “Annual Report” to MIC after inordinate delay. They have submitted some part of the Report to same each year without giving attention and making effort for implementation of RTI Act, 2005 especially in regard to Section 4 of the RTI Act i.e. the obligation of Public Authorities which are required to be complied by all Departments.

2. It is also observed that several Departments had enclosed old and outdated Notifications regarding appointment of DAAs, SPIOs and SAPIOs in their Monitoring Report. In some cases appointments of DAAs, SPIOs and SAPIOs have been made by “Designations” only. This is not acceptable because **Officers have to be appointed giving their “Names” and “Designations” so that responsibilities can be fixed in the eventually of not adhering to RTI Act by DAA, SPIO and SAPIO.** In future, Office Orders containing the latest appointments of DAAs, SPIOs and SAPIOs by names and designation may be enclosed along with the Report of different Departments of the Government of Mizoram.
